Hi Gail:

I am all right. Good to hear from you. Hope you are well too.

The DP barcode for Mike's document is 381389. The attachment is a copy of the previous DWA, which had a DP barcode of 360226, which is correct too. The pdf document is an attachment and you do not need to change it's DP barcode.

For clarification, the name of the attachment may be changed to "044309 D381389+ DWA Attachment A" or something like that. Please, check w/ Mike.

Thanks.

How are you doing? Hope things are going good.

Thanks.
